

# Taupo TRIFECTA

See The Best Taupo Has To Offer - By Water / By Land / By Air

Take off from the Taupo bay tracking North over the Boat Harbour and past the Craters of the Moon. Fly over farmland and forests, through hills that were once active volcanoes before descending into the Hidden Valley of Orakei Korako. Landing on the Waikato River we tie up to a floating jetty. After walking around this geothermal paradise for approximately one hour, board the black jet boat of New Zealand Riverjet. Travel through canyons scenery otherwise inaccessible and experience the famous jet boat spin. At the end of your jet boat journey you will be met by your floatplane for your scenic return flight.

**Duration:** 3 hours 15 minutes
